** In conclusion we will only say that in a few days the Belleville "China Store" will be a thing of beauty and second to none in the Dominion, and as such we believe that the public will appreciate our efforts and continue that patronage which has been so liberally given us in the past, and thereby learn those hucksters in our goods, who don't know a sick-feeder from a shaving mug, that china goods don't look well with old cheese, molasses and blue flies.

That Tired Feeling.

This is the season when "that tired feeling" is a common and so overpowering. The blood, lades with inquerities which have been accommissing for months, mores sluggishly through the wins, the mind falls to think quietly and the body is still slower to respond. Bodder's Bridche and Saraparilla is just what is needed. It purifies, vitalices and entriches the blood, makes the head clear, creates an appetite, overcomes that iterd feeling, cones the nervous system, rouses the liver and kidneys, and imparts new strength and vigor to the whole body.

That Tired Feeling.

This is the season when "that tired feeling" is so common and so overpowering. The blood, laden with impurities which have boon accumulation with impurities which have boon accumulating free months, moves elugishly through the wrins, the bind fails to think quickly and the body is still allower to repond. Hodder's Hundock and Sansaparilli is just what is needed. It purilies, vitalizes and entrolless; the blood, make the head clear, creates an appetite, overcomes that timed feeling, to make the nervous system, routes the hirer and kidneys, and imparts use attength and vigor to the whole body.
